2004-2005 Newport Harbor Lacrosse Booster Club

Welcome to one of the most exciting and challenging school sports you have ever seen: **LACROSSE**! Over the next year, you and your student-athlete will be introduced to the rewarding, competitive sport of Lacrosse through the Newport Harbor Program. The Lacrosse Program functions under the umbrella of a non-profit club. As a non-funded school sport, the growth and success of our team depends greatly on the success of our fundraising activities.

In an effort to involve parents, grandparents, aunts, uncles, sisters, brothers, alumni and community members in your athlete's sport, we have formed the Newport Harbor Lacrosse Booster Club. This will be an exciting adjunct to the Lacrosse Board of Directors, which already assists the coaches in organizing and managing all Lacrosse activities.

We encourage all parents and other interested supporters to become Boosters. For a successful year, every family must help with fundraising and/or volunteering. Being a Booster is a rewarding and fun experience: Meet other parents, make new friends, travel to new places, learn more about the sport, and contribute to the success of your Lacrosse player and the entire Newport Harbor Lacrosse Program.

New ideas for fundraisers are always welcome. Remember -- the more successful each fundraiser is, the fewer we will need! We also welcome individuals, organizations or businesses that might be interested in becoming a Lacrosse Program sponsor or donor.

The Newport Harbor Lacrosse Program needs the support of its Booster Club to help our teams train harder, longer and better so they can have their most competitive season ever!
